## BACK TO

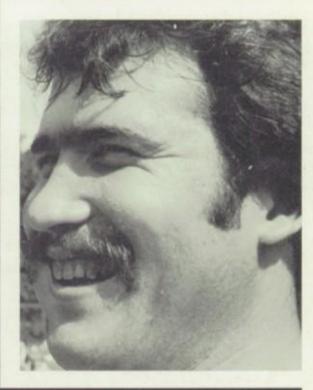

## SCHOOL

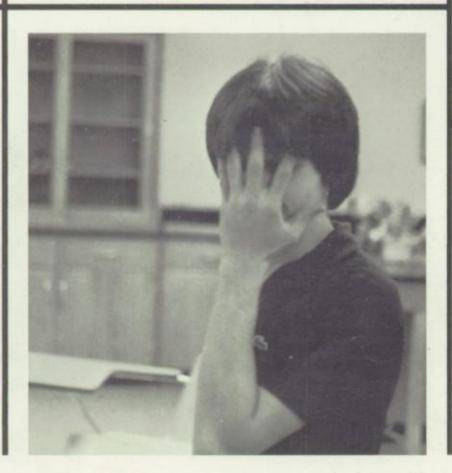

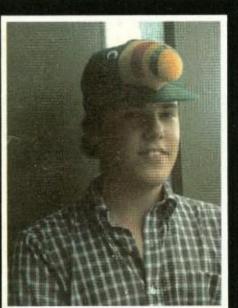

On September 1, 1982, the school year began. Looking at the faces on these two pages you can see the enjoyment of coming back to school.

# HOMECOMING WEEK

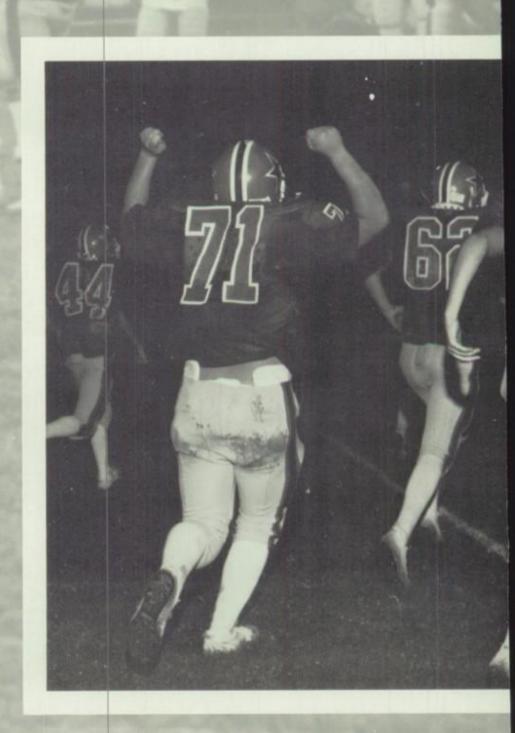

Homecoming Week brought out the spirit and imagination in everyone. Each day brought something different. Hick Day began Homecoming Week. It was a real barnraiser. Tuesday was Punk Day. There were some really tubular people, "fer sure." Hat Day followed on Wednesday. It just couldn't be topped. On

Thursday came Baby Day. It was a real scream. Finally, Friday was School Colors Day, and it was well, just plain colorful. And what better way to end a funfilled week than with a Homecoming Victory over McLaurin. It was a oweek to be remembered for many years to come!

#### Administration

Mr. Robert E. Luckett Attendance Center Principal

Mrs. Mae S. Williams Elementary School Principal

It is fitting that when we think back on the time that has passed, we recall those incidents which have made this year memorable in our lives.

When I remember the good times and the bad, the work and the play, the setbacks and the accomplishments, I keep coming back to you, the students of this school. In the final analysis, it is the student body that makes a school what it is, and you have made it an outstanding school, a place which is exciting to be in, and of which we may be justly proud. For your cooperation and your efforts, I am deeply grateful.

Robert E. Luckett

As an administrator, it has been my privilege to relate effectively to students, faculty, and parents. I accept responsibilities readily and carry them out to the best of my ability. I have the ability to sense the needs and feelings of others and make others feel they are a part of the whole school.

I have enjoyed the challenges of my position and will always be grateful for the cooperation of the faculty and staff.

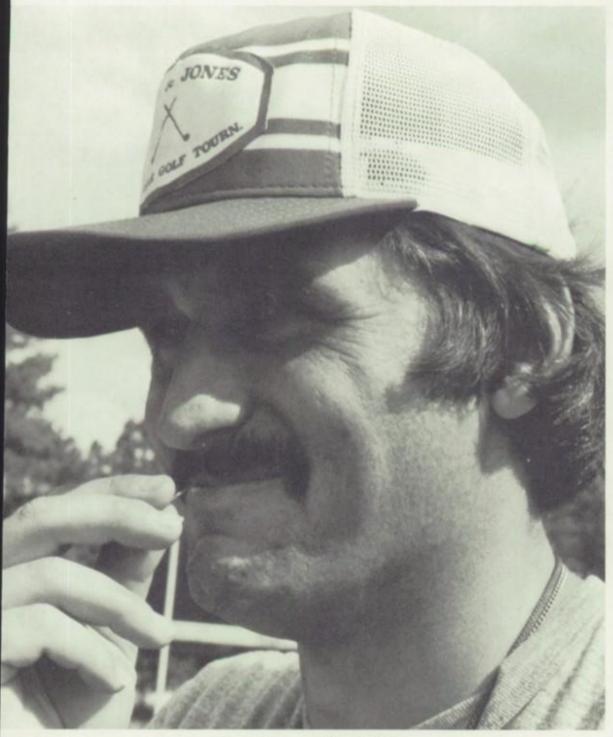

Mrs. M. S. Williams

I think I need an extra strength Tylenol.

You are now entering the twilight zone.

How do you spell relief?

I ought to be in pictures.

Kiss me, I got the signal.

I've got my eye on you!

My! How time flies when you're having fun.

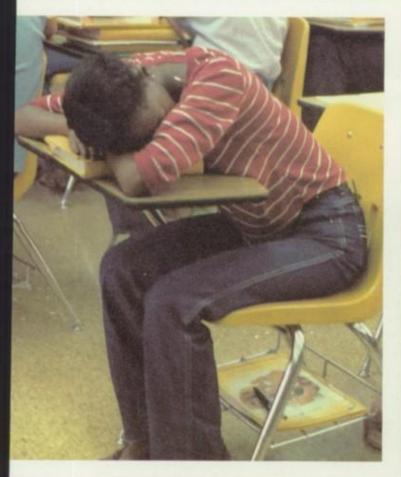

If work is the greatest thing on Earth, I'll try Mars.

#### **Guidelines to Success**

We, the seniors, have completed twelve years of school, and have learned many things. Twelve rules can summarize what we have learned in addition to our required subjects.

First, we must do the best we can at whatever we do.

Second, we must be kind to those under our supervision.

Third, we must do our duty and not betray trust put in us.

Fourth, we must remember that whatever we do, we are important.

Fifth, we must remember to set a good example to those that follow.

Sixth, we must keep strength to resist temptation.

Seventh, we must remember to keep God first and follow his rules.

Eighth, we must be good citizens and love our country.

Ninth, we must remember that no matter how bad things really are, God has promised that there will be a way out.

Tenth, we must remember to be kind to our parents, who have worked and sacrificed for us.

Eleventh, we must remember that wealth does not bring happiness, and that happiness comes from within.

Twelfth, we must remember the Golden Rule: Do unto others as you would have them do unto you.

Dear Parents, Students, and Faculty:

Thank you for the opportunity to express my sincere appreciation for the tremendous amount of hard work and devotion that has gone into making Richland Attendance Center a source of great pride for us all.

During the past two years we have all experienced the progressive expansion of a comprehensive educational center serving the many needs of students in grades one through twelve. Even more exciting plans are already underway to broaden the educational opportunities of students in the future. These plans include new buildings, curriculum changes and additional extracurricular programs.

Again, thank you very much for all of your hard work and for giving me the opportunity to be a part of this very successful change.

BUTLER TRIM COMPANY We finally finished. When we started there were quite a few times when we did not know if we would. There have been many long hours put into this yearbook. We hope that as you look through it, you will get as much out of it as we have put in it. We would like to thank everyone who has helped and cooperated with us. We hope that this yearbook will help you remember some of the good times we've had at Richland.

Sincerely yours
The 1983 Yearbook Staff

To a very good looking over on survey along time. I look luck in everything you do. Class of Sourya, "81" I stacy Varner

Theis jadis. I sove you! you be suited a real great
friend to me! I hank you for being so Dwelt
to me and for putting up with me for
so long. I don't know what I'll do next year
without you cause I probably won't have any
classes with you. I hope you find whower you
want. I know you hope you find whower you
of ajres after you. I hope you can handle it! I Exow if I was 14, I'd want you. I Lour you, Diaxa (Haxer) Show one of the series of the gentled on the For 3 years spe we can hands since
